

Lithuanian National Digital Coalition: Purposes, Possibilities and Opportunities for Digital Jobs

Dr. Renata Danielienė

Dr. Eugenijus Telešius

(ECDL Lithuania)

9th IT STAR WS

16 October 2015, Warsaw, Poland

Reasons for NC4DJ

- Youth unemployment rate in LT and EU
- Lack of ICT professionals in LT and EU
- Lack of ICT skills awareness raising
- Formal education is not able to fill the lack of ICT professionals asap
- Lack of cooperation between educational and business sector
- Inspiration from Grand Coalition for Digital Jobs

- Stakeholder's meetings
- Dissemination events
- Trainings and certification
- Formal and informal learning
- Working on national projects ideas

NC4DJ activity (3)

June, 2013 – September, 2014

- New members:
 - 7 organisations (Mykolas Romeris University and NGOs)
- Stakeholders of the National Digital Coalition divided into four working groups:
 - IT professionals,
 - IT users,
 - School community,
 - e-leadership.

NC4DJ activity (4)

Results of Working Groups

- Stakeholders strongly contribute to NSK:
 - By performing their own activities related with ICT
 - By implementing Information society development programme 2014–2020 *Digital Agenda for Lithuania*
 - By participating in campaigns
 - Get Online Week
 - Safer Internet Day
 - Code Week
 - e-Skills for Jobs

Challenges for the future: To create NC4DJ LT network

Challenges for the future: **To involve more regional organization**

- Educational institutions
- Small Business organizations
- NGO

Challenges for the future: **To involve the society in the dissemination activities**

- Involve schools and libraries
- Make more presentations about NC4DJ
- Involve add agencies and media

Thank you!
